

Math 2-5: Measurement and Data: Represent and Interpret Data

Fractions: Represent and Solve Word Problems

Students

Learning Continuum Statements:

Students:

RIT 221-230:

- Solves word problems using data from line or dot plots with fractional scales

Students:

RIT 231-240:

- Solves word problems using data from line or dot plots with fractional scales

Students:

RIT 241-250:

- Solves word problems using data from line or dot plots with fractional scales
