

Math 2-5: Number and Operations: Number and Operations in Base Ten

Number Sentences/Equations/Equivalence

Students

Learning Continuum Statements:

Students:

RIT 181-190:

- Applies knowledge of place value or number sense to compose or decompose whole numbers greater than 10 to create equivalent expressions

Students:

RIT 191-200:

- Applies knowledge of place value or number sense to compose or decompose whole numbers greater than 10 to create equivalent expressions

Students:

RIT 201-210:

- Determines unknown factors in multiplication equations with whole numbers and products greater than 100

Students:

RIT 211-220:

- Determines unknown factors in multiplication equations with whole numbers and products greater than 100
