

Math 2-5: Number and Operations: Understand Place Value, Counting, Cardinality

Number Sentences/Equations/Equivalence

Students

Learning Continuum Statements:

Students:

RIT 171-180:

- Applies knowledge of place value or number sense to compose or decompose whole numbers greater than 10 to create equivalent expressions

Students:

RIT 181-190:

- Applies knowledge of place value or number sense to compose or decompose whole numbers greater than 10 to create equivalent expressions

Students:

RIT 191-200:

- Applies knowledge of place value or number sense to compose or decompose whole numbers greater than 10 to create equivalent expressions

Students:

RIT 201-210:

- Applies knowledge of place value or number sense to compose or decompose whole numbers greater than 10 to create equivalent expressions
